# DIGITAL MUSIC DISTRIBUTION

# GET YOUR MUSIC ONLINE

LEVEL DISTRIBUTE YOUR MUSIC IN STORES LIKE iTUNES, BEATPORT, APPLE MUSIC, TRAXSOURCE AND MORE.

Take complete control of your global distribution requirements from anywhere in the world using our powerful digital interface designed and built for the needs of the dance music industry. Our ever increasing distribution network allows us to deliver your music to a vast array of commercial outlets, such as iTunes, Amazon, Spotify along with specialist download portals such as Beatport, Track It Down, AudioJelly, Juno, Stompy and Traxsource amongst many others.

# How does it work?

Via our dashboard we provide you with all of the tools you need to setup your singles or albums with their associated cover art and audio files. Our system and in-house team validates all of your information at every step of the way to ensure nothing is missed. You can create as many releases as you need, but once you are ready and the single or album has been validated you can submit your release for distribution.

## We care about you and your label

We are flexible and work hand in hand with our record labels in order to help them achieve their goals. Our approach to electronic music is because we are DJs and musical producers of this musical style, and we know what it is to start a record label, at the time we were at the same starting point as you are now.

Through our market-leading technology and data reports, we are always have strived to be totally transparent. We provide unparalleled sales statistics and we remain at the forefront thanks to the integration of new tools so that these data are always available as soon as possible.
